

SPECIAL NOTICES.

THE ANNUAL MEETING OF THE NATIONAL BUREAU OF FIRE INSURANCE will be held in the White Palace of the Hotel Hamilton, New York, November 15, 1915, at 8 o'clock p.m. All members of the association and friends of the hospital are invited to attend.

ARTHUR A. RINEY, President.
ANNUAL MEETING OF THE NATIONAL BUREAU OF FIRE INSURANCE will be held in the White Palace of the Hotel Hamilton, New York, November 15, 1915, at 8 o'clock p.m. All members of the association and friends of the hospital are invited to attend.

NOTICE IS HEREBY GIVEN THAT ON THE 6th day of November, A.D. 1915, a petition was filed in the Supreme Court of the District of Columbia by the Peers Oil and Gas Company, a corporation organized under the laws of the District of Columbia, stating in substance that said corporation is hereafter to be conducted by women and is a woman's company exclusively. In order to avoid confusion and that the name of the company designate the said company, it is the desire of the trustees that the name be changed to the Women's Federal Oil Company of America, and a decree to that effect is prayed for in said petition.

THE PEERLESS OIL AND GAS COMPANY.
 By D. S. FLETCHER, Attorney.

I WILL BE AT THE OFFICE OF A. T. HOLZMAN, 1320 New York Ave. N.W., on TUESDAY, Nov. 16, 1915, to receive taxes due on property in Alexandria county.
 E. W. BAILL, County Treasurer.

 Changes and beautifies the hair. Promotes growth and prevents itching. Revives scalp to produce new hair. Prevents hair falling. 50c and 10c at all druggists.

VIEWS OF CAPITAL FIFTY YEARS AGO

Feature Program of First Congregational Church Semi-Centennial Celebration.

PASTORS OF YEARS AGO BRING CORDIAL GREETINGS

Tribute to Dr. Bischoff, Long Organist of the Church, Is Scheduled for Tonight.

Greetings from former pastors, followed by an illustrated lecture on "Washington City Fifty Years Ago," constituted last night's program of the celebration of the first centennial of the founding of the First Congregational Church, 10th and 2 streets northwest, to and tomorrow. The decorated auditorium received much favorable comment.

Dr. Samuel H. Woodrow, now pastor of the Pilgrim Congregational Church, St. Louis, Mo., and Dr. Jay T. Stocking, now pastor of the Christian Congregational Church, Upper Montclair, N. J., brought greetings to the church, and a letter was read from Dr. Stephen M. Newman, who was for twenty-one years pastor of the church. Dr. Newman, now president of Howard University, has been attending the inaugural ceremonies for Dr. McKendzie at Fiske University, Nashville, Tenn. A letter also was read from Rev. Lorin S. Gates, the missionary of the church in India.

Views of Early Washington.
 Fred L. Fishback, who has been a member of the church for many years, showed views of places in Washington which they appeared "fifty years ago." Among these were the Capitol, the White House, the Avenue, 14th and F streets, the view east from the Capitol, showing the old Carroll row which was torn down when the Library of Congress was constructed; the Long bridge, the old State Department where the north end of the Treasury now is, the old War Department and the house in which the life of William H. Seward unfolded its scenes. Mr. Fishback referred to the work of Gen. O. O. Howard in establishing the First Congregational Church at Howard University. Among the contributors to the erection of the First Congregational Church was mentioned Gov. Alexander R. Shepherd. Mr. Fishback stated that G street, where the church stands on a level with the present terrace and that the change in the grade of G street was made in the year 1860, when while Gov. Shepherd was in office.

Places of Meeting Shown.
 Views of the various places where the church has held services—namely, the old Unitarian Church, at 6th and D streets; Metzger Hall, on Pennsylvania avenue; the old Columbian law building, on 5th street; the House of Representatives, where services were held during the pastorate of Dr. Boynton, who was also chaplain of the House, and the present edifice—were shown by the director of the church, Mr. Fishback, who showed pictures of the church choir at Easter services nearly twenty-five years ago, and spoke of the work of Dr. Bischoff as choir director and of his wonderful ability as a leader of congregational singing.

The evening closed with a social, at which many members and former members of the church were present.

Tribute to Dr. Bischoff.
 "A Tribute to Dr. Bischoff" will be the feature of tonight's services, to be delivered by Dr. Newman, who returns to Washington today. There will be a special musical program, including the singing of compositions written by Dr. Bischoff.

At 3:30 o'clock this afternoon there will be a concert in the church auditorium, given by twenty-five young women of the church. Miss Elsie Hand of Philadelphia will be in charge.

FOUR SMALL ACCIDENTS.
All Occur in Different Ways, But None Is Serious.

Frank J. Mundie, 113 13th street southeast, was thrown from his bicycle on Anacostia bridge yesterday afternoon, as a result of a collision with an automobile. He sustained injuries to his back and his bicycle was damaged. Mundie was taken home by the occupant of the automobile.

While crossing at Rhode Island avenue and 7th street northwest last night about 8:30 o'clock, Roland B. Clark, seventeen years old, 2125 1st street northwest, was knocked down by an automobile owned by Harry W. McNamara, Berwyn, Md. He was only slightly hurt.

Melvin Thomas, twenty years old, 947 8th street northwest, was treated at Emergency Hospital yesterday afternoon for an injury to his leg. He was knocked down by a delivery wagon while unloading furniture at the west entrance of the Treasury Department.

Miss Dorothy Grant, a riding instructor, was thrown from a horse in Rock Creek Park yesterday afternoon and injured about the head and body. She was taken to Washington Sanitarium.

Capt. J. Tyler Powell Indorsed.
 Capt. J. Tyler Powell was unanimously indorsed for department commander at a meeting of Potomac Post, No. 11, Department of the Potomac, Grand Army of the Republic, last night. The election for department officers will be held by the encampment in February.

Offers "Smuggled" Cigars for Sale.
 A young Cuban, who yesterday visited several cigar dealers and said he wanted to dispose of smuggled Havana cigars, is wanted by the police. Complaints were made that the Cuban said he could dispose of the cigars at a cheap price because no duty or internal revenue had been paid on them.

BAPTIST CHURCH FORMED BY ITALIAN RESIDENTS
Congregation With Forty Members Enrolled Is Formally Recognized. Exercises at Memorial Chapel.

Church of the Redeemer is the name of an Italian Baptist Church formed and formally recognized last night by the other Baptist churches of the city at a meeting in Baptist Memorial Chapel, 5th and P streets northwest.

About seven years ago several Italians started Baptist services at 54 H street northeast and since that time there have been ordained ministers and a church. The members of the congregation, recently applied for permission to form a church and a council of the other churches met last night at the memorial chapel and assented to the organization.

Program of Exercises.
 The exercises opened with an invocation by Rev. H. T. Cousins, pastor of the Anacostia Baptist Church. Rev. Hugh T. Stevenson, pastor of Bethany Baptist Church, delivered the charge to the congregation. The church was mentioned in the prayer book of the First Baptist Church, acted as moderator, and Rev. J. W. May acted as secretary. The fellowship was given by Rev. J. J. Muir, pastor of Temple Baptist Church, and the prayer of dedication was given by Rev. G. G. Johnson of the Emmanuel Baptist Church. Rev. A. Freeman Anderson, assistant pastor of the Calvary Baptist Church, read the Scriptures and the benediction was pronounced in Italian by Rev. M. C. Marsaglia, the pastor of the church.

Views of Alumni President.
 William A. Redding of New York, president of the General Alumni Society of the university, had this to say on the question of the college men's participation in the control of scientific and engineering activities, commerce and finance, to share in the great industrial reorganization which must be a concomitant of our military reorganization. Our country must be in a position to mobilize its industries as well as its military arms.

Miss Lui Is to Lecture.
Scheduled to Address College Woman's Club This Evening.

Miss Fung Hin Lui of Canton, China, is to speak at a meeting of the College Woman's Club of Washington to be held in the ballroom of the Raleigh this evening. This is to be the fall rally of the club. Miss Lui is to leave this country in a few weeks during her stay in Washington she is the hostess of Mrs. Edith Kingman Kern.

Miss Lui spoke on "The Opportunity of Women: Their Uplift in China" at the Mount Pleasant Congregational Church last evening. Preceding her lecture, Harry B. Bradford gave an illustrated lecture entitled "An Artist at the Zoo." Both of these talks were given under the joint auspices of the social service department of the church and the Parents' League of the Wilson School Social Center.

Part of City in Darkness.
Explosion at Power House Cuts Off Electric Lighting.

An explosion in the power house of the Potomac Electric Power Company at Benning shortly after 7 o'clock last night did considerably damage to the machinery and put a considerable part of the city in darkness for a few minutes. The shutting off of the current brought the cars on the lines of the Washington Railway and Electric Company to a sudden stop and delayed traffic for nearly thirty minutes.

Workers quickly restored the current supplying the city lights, and shortly afterward traffic on the street car lines was resumed.

Handsome New Homes
12th and K Streets N.E.
Finest Street in Northeast Washington, Being 150 Feet Wide With Parking and Flowers
Choice 6, 7 and 8 Room Houses
Biggest Bargains Ever Offered in This Section

FOR MILITARY TRAINING OF COLLEGE STUDENTS
Speakers at Club Banquet Approve Giving Aid to National Preparedness.

Reception Given in Honor of Provost Edgar F. Smith of University of Pennsylvania.

The question of military training in the colleges received consideration from speakers at the dinner given last night at the University Club by the local University of Pennsylvania Club in honor of the third annual conference of the Associated Pennsylvania Clubs, which came to a close yesterday.

A reception to Provost Edgar F. Smith preceded the banquet.

"Has not the country a right to expect that college men will lead in obtaining a preparedness that shall be ready not only to repel an invader, but to withstand those several internal shocks which may be as dangerous?" asked William McClellan of New York, one of the founders of the Associated Pennsylvania Clubs. "Such a preparedness must necessarily begin with education."

Other Phases Discussed.
 Two other phases of "preparedness" were touched on by the speaker. "College athletics are in most serious need of sympathetic but forceful attention," he said. "They are far more important than much less general than is desirable. Even those of us who participated in them know that they play but a small part in adding to the physical growth and development of the student body as a whole. They have no relation whatever to the military preparedness which is so necessary to us as a nation, and yet their possibilities in this connection can hardly be overestimated."

It is for college men, as they go out to participate in the control of scientific and engineering activities, commerce and finance, to share in the great industrial reorganization which must be a concomitant of our military reorganization. Our country must be in a position to mobilize its industries as well as its military arms.

SCIENCE TO DETERMINE WOMEN'S WORKING HOURS
United States Public Health Service to Co-Operate With Wisconsin Commission.

PITTSBURGH, Pa., November 13.—The Pittsburgh branch of the United States public health service is to assist the Wisconsin state industrial commission in determining the number of hours a day a woman can work without endangering her health. Upon the results of the investigation will depend amendments to laws regulating the employment of women and girls in that state.

Dr. J. W. Schereschewsky, head of the local branch of the service, will go to Madison, Wis., in a few days and confer with members of the commission on plans for the investigation, which will be conducted under the direction of Dr. Robert Olsen, of the Pittsburgh office.

Four laboratories for use of the service have been constructed in the United States marine hospital here and are now ready for the installation of equipment. Because of the war, however, shipment of instruments and scientific apparatus has been delayed.

Mary Becker, twenty-two, of Berlin, Md., a mining town, was fatally burned when her clothing caught fire at a coal stove. She died several hours later.

Our country must be in a position to mobilize its industries as well as its military arms.

PETER J. DUFFY, JR., DIES.
War Veteran Who Served in Cuba and in the Philippines.

Word has been received of the death of Peter J. Duffy, Jr., formerly of this city, at Fort Stanton, New Mexico, October 31. Funeral services were held there with full military honors November 3.

Mr. Duffy was born here, and received his education at Georgetown University and the Maryland Agricultural College, where he was noted as an athlete.

In the Spanish war he served as corporal in the 1st District of Columbia Volunteer Infantry, AS regimental sergeant major, 43d United States Volunteer Infantry, he served in the Philippine insurrection, and was among the first Americans who crossed the islands of Samar and Leyte.

Since 1911 Mr. Duffy had been librarian of the public health service at Fort Stanton. He was a member of Lawton Camp, U. S. W. V.

Mr. Duffy is survived by a brother, Joseph S. Duffy, and two sisters, Miss Frances Duffy and Miss Agnes Duffy of this city. He was a brother of the late John J. Duffy, former passed assistant adjutant general, U. S. W. V., who died in Los Angeles October 9 and was buried at Arlington cemetery October 13.

Law School Elects Officers.
 South Trimble, Jr., of Kentucky, son of the clerk of the House of Representatives, was elected president of the class of 1917 of the Georgetown University Law School, at a meeting held last night.

The other officers elected were D. Heywood Hardy of Texas, secretary; Joseph G. McDonald of the District of Columbia, treasurer; Cornelius Burkinshaw of Connecticut, historian (re-elected), and Cornelius J. Cronin of Massachusetts, sergeant-at-arms.

To make the city beautiful

Everybody favor the planning now for "The City Beautiful," with its stately civic center and the ennobling influence that refined art and architecture would have on the coming youth of this progressive city.

But "The City Beautiful" could not exist a year, in fact it would be idle to create this thing of immaculate beauty, without first doing away with the present Smoke Nuisance. Every citizen, whether landlord or tenant, should take this first step toward "the city beautiful" by immediately making smokeless the chimney of the old or new building which he owns or occupies, by putting in an outfit of

IDEAL SMOKELESS Down-Draft Boilers
—burn any and all coals without smoke!

In more than 400 smoke-plagued cities and towns these Boilers are proving in numerous installations that they completely solve the smoke evil, and their performance is highly endorsed by all Chief Smoke Inspectors and the various Citizens' Smoke Prevention Societies.

Between their double grates these IDEAL SMOKELESS Down-Draft Boilers not alone burn all the smoke but they also consume the highly volatile, rich heat-making unseen gases. These unseen gases constitute the life of the ordinary, cheap grades of soft coal and make them as valuable in heating-power when burned in the IDEAL SMOKELESS Boiler as is high-priced hard coal or semi-bituminous coal. These Boilers stop all fuel waste!

Let us show you these Boilers in operation in apartments, large residences, office buildings, hotels, schools, churches, factories, public buildings, etc. Any user of them will convince you beyond question of the efficiency and economy of IDEAL SMOKELESS Down-Draft Boiler. Fully guaranteed! Any one can run them. Will outwear the building. Will repay their first cost in a few years because of their efficiency. Made in sections, they can easily be carried through doorway into any building, old or new. Be a practical leader in "The City Beautiful" movement and investigate now—puts you under no obligation to buy. Accept no substitute. Ask for catalog (free).

Sold by all dealers.
 No exclusive agents.
